

Pupil Voice Class Worship:

More interactive as you have more opportunities to respond

It's fun and it gives us a chance to explore our feelings

We can use our School Christian Values to help understand ourselves and the world around us.

It makes us think about our behaviour and things to focus on

It builds our self confidence so we can stand up for our beliefs, a chance to share ideas. It can make our beliefs stronger or help us to reconsider our opinions

Having a light nearer makes me feel closer to God and helps God to notice us.
