

Wittersham, as a Church founded Voluntary Aided School, promotes the Christian character of the school through all areas of its work from curriculum design through to school leadership. The mission that motivated our founders still burns brightly and staff, governors and pupils work together to establish and embed the core values which we try to ensure underpin everything we do.

Our Christian values of respect, kindness, self-worth/perseverance, forgiveness and love are deeply embedded in the school and its wider community life. Children know and use the values and can link them to the narratives of carefully chosen parables. Children can articulate how these values are a guide to how they should live their life and refer to them in a variety of contexts.
